25X1

Comment. As compared with the last reported period, westbound traffic through Kuestrin and traffic through Borka in both directions increased, while eastbound traffic through Frankfurt/Oder and traffic through Bad Schandau in both directions decreased. Ebersbach is not a real border crossing point. It is the terminus of the recently reopened Ebersbach-Rumburg railroad line, which, as a cross connection between Zittau and Bad Schandau, crosses Czechoslovakian territory. The station has local importance only and will probably not be used for Russian traffic. After 4 October 1952, the railroad ferry to Faelleborg in Sweden departed from Warnemuende instead of from Gassnitz on Ruegen Island.
